

JS 
José Estrada
Front-end Developer

JOSE ESTRADA

FRONTEND DEVELOPER

PROFILE

I am a Front End developer with experience building websites and web applications. I specialize in JavaScript, and have professional experience working with React.

I'm always seeking to improve my skills and continue growing professionally in order to make valuable contributions at the working group I am part of. Therefore I use the modern development workflow with CodeStream in order to increase productivity and improve communication inside our development team.
